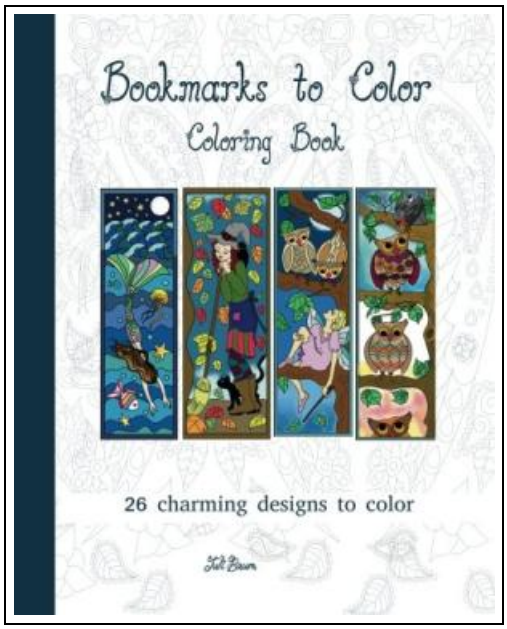
Bookmarks to Color: 26 Charming Designs to Color (Paperback)



Filesize: 1.62 MB

Reviews

The very best book i actually read through. I have got read through and i am certain that i will likely to read through yet again yet again down the road. I realized this ebook from my dad and i suggested this book to learn.
(Alfreda Barrows)

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This book contains coloring designs in the size of a bookmark. You can just use it as a coloring book or make beautiful bookmarks with it. To make sturdy and glossy bookmarks there are additional needs: scissors, glue, card stock and laminating foil or book cover film. You will find an instruction inside the book. For the kindl version you will find an instruction how to print the designs at the end of the book. I ve always loved beautiful bookmarks. I very much enjoy to rest my eyes on it from time to time while reading and I feel more comfortable with a lovely bookmark then just using the wrapper or string to bookmark a page.Here is my collection of own bookmark designs; what I wanted to draw was something that fits into and makes sense in the format of a bookmark. Some drawings show a little scene of a fairy tale, some I intended to contain a humorous moment. Making these bookmarks means, that your coloring art doesn t need to disappear into a drawer: you can always enjoy your artwork while reading, or let others enjoy it! The bookmarks are suitable for older children; you can use them as child s birthday or classroom activity. Children can make wonderful birthday or Christmas presents for their family. It s a great experience to make something artful and useful. Every bookmark is printed twice on a single page, one time mirrored.
