# Changing Visions: Human Cognitive Maps: Past, Present, and Future (Paperback)

By Ervin Laszlo, Etc., R. Artigiani

ABC-CLIO, United States, 1996. Paperback. Condition: New. New. Language: English . Brand New Book ***** Print on Demand *****.The four authors of this book recognize that no one on the common human journey to the 21st century can pick the best route without consulting a map-that is to say, an interconnected set of understandings about what in a given situation is important, what demands action and attention, and what does not. The problem, they contend, is that the picture of the world we each carry in our mind may not be a true mapping of the reality that surrounds us. This picture, the cognitive map, could always be sharper. The authors prompt us to become more conscious of our own cognitive map, and explain how it can be adapted to the exigencies of our changing world so that it can be better-used to guide our steps toward the 21st century. We all carry a picture of the world in our mind, but is that map an assuredly true layout of the reality that surrounds us? If not, how can we use it to guide our steps toward the 21st century and beyond without creating shocks and surprises that impair our...
