Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The bond between mother and child is one without equal in the history of sentient life. It encompasses avenues of connection which, to this day, have yet to be fully understood. But for Marie Delanote, the outermost shrouds of that bond were briefly lifted when her daughter Elouisa entered our world following a mere twenty-four-week pregnancy. The infant weighed little more than a pound, and in the ensuing fight for survival, hidden spiritual ties between Marie and Elouisa became increasingly manifest. Together they uncovered the chakras, mental triggers, and resultant physical events that once led to the crippling nightmare of premature birth, but would now serve as the only tools by which they could survive and outlast the shared threat to their lives. The Healing of the 1lb Baby is the true story of that which lies beyond the simple sight of man; it is the true story of physical effects wrought by unbridled energies; but above all else, it is the true story of a mother and daughter who lifted one another from the very depths of mortality in order to claim a second chance at life.
