Santa Fe 7,985 Salt Lake 2,954 24.613 11.487 We have estimated that about 60 per cent increase should be provided for at a union station, or a total of approximately 40,000 square feet. Coach Yard A coach yard for cleaning, restocking and making light repairs to passenger coaches and Pullman cars is a part of any union passenger terminal. It is proposed to provide a union coach yard wherein the cars of all roads and Pullmans will be handled. In such a yard it is proposed that cleaning, common supplies and light repairs be pooled, subject to individual inspection. Heavy repairs would be made at the individual road s own shops. Pullman cars would be handled by their owner, the Pullman Company. The present Los Angeles coach yards have a capacity of about 517 seventy-foot cars, with a total length of track of 10.8 miles, the car capacity being estimated for only such tracks as cars could occupy, that is, the lead tracks and fouling distances at switches are excluded in computing the car capacity. We have concluded that a capacity of 1,000 cars is the proper size of the ultimate coach yard. For the immediate construction about 500 car capacity should be ample and our estimates are predicated on this figure. In considering the other requirements for a coach yard, there are many other items of expense. Buildings, service piping, machinery and equipment are necessary. We have estimated new buildings...
