Forgotten Books, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Fertilizers Specialized fruit districts have become established. Their future productiveness depends largely upon the intelligent use of fertilizers. In the mixed-farming districts, when a carefully chosen rotation, including a clover or other legume crop, is followed, and where the grain and hay is fed on the farm and the manure properly cared for, it may not be necessary to use commercial fertilizers, but when the nature of the crop prevents rotation, and where very little farmyard manure is produced, commercial fertilizers may be required.
