

Toward One Oregon: Rural-Urban Interdependence and the Evolution of a State (Paperback)

By Michael Hibbard, Seltzer Ethan, Bruce Weber

Oregon State University, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book. Every state in the nation has geographic divisions that loom large as barriers to common cause. In Oregon, the so-called rural-urban divide has shaped its history. Toward One Oregon examines the prospects for uniting our geographically diverse state in the years ahead. When Oregon became a state in 1859, its role in the nation and the global economy was quite different than it is today. Current times demand a new, strategic understanding of the state and its role in the nation and the world if its people--all of its people--are to thrive. Toward One Oregon examines Oregon's urban and rural history through political, economic, and demographic lenses. The contributors--historians, urban planners, economists, geographers, and political scientists--explore the two Oregons. Using the best of urban and rural policies in strategic and complementary ways, they offer a collaborative path forward--for Oregon and for any state faced with seemingly insurmountable geographic divisions.

Reviews

This book is definitely worth acquiring. Yes, it is enjoy, still an amazing and interesting literature. Its been written in an remarkably basic way and is particularly simply soon after i finished reading through this pdf where actually changed me, affect the way in my opinion.

-- **Murray Marquardt**

This publication will never be effortless to get started on reading through but very entertaining to read through. It normally is not going to expense too much. I discovered this publication from my dad and i encouraged this book to find out.
