## Southern Zombies 1 (Paperback)

By Ann Riley

Createspace Independent Publishing Platform, 2015. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Our outbreak started with a recall of beef and pork suspected of being contaminated with the toxoplasmosis parasite. The epidemic hit around the same time as the flu season began. With toxoplasmosis symptoms resembling the flu, it was wrongly assumed that there was an influenza pandemic under way. Pressure from higher offices forced the CDC to begin working on a vaccine specifically created for this new virulent virus. The virologists worked diligently for weeks on a vaccine that would prevent the virus from overwhelming the infected one s immune systems and making the symptoms worsen. Finally, they were ready to introduce the limited supply of their new vaccine to the masses. In an attempt to limit the spread of infection as quickly as possible, they made a few mistakes. First, they used the cell-based production process and never purified the virus antigen, second, they never tested the vaccine, and finally, they thought they had a virus pandemic, when in fact, it was a parasite infecting the masses. Citizens lined up to get their vaccines. Clinics, hospitals, and any place where one could...
