

Archaeomineralogy Natural Science in Archaeology

By George Rapp

Springer. Paperback. Condition: New. 336 pages. Dimensions: 9.1in. x 6.1in. x 1.0in. Archaeomineralogy provides a wealth of information for mineralogists, geologists and archaeologists involved in archaeometric studies. The first edition was very well-received and praised for its systematic description of the rocks and minerals used throughout the world by our ancestors and for its excellent list of over 900 references, providing easy access to the fields of archaeomineralogy and geoarchaeology. This second edition of Archaeomineralogy takes an updated and expanded look at the human use of rocks and minerals from the Paleolithic through to the 18th century CE. It retains the structure and main themes of the original but has been revised and expanded with more than 200 new references within the text, a bibliography of additional references not included in the text, a dozen new figures (drawings and photos), coverage of many additional important mineral, rock, and gem materials, a broader geographic scope, particularly but not limited to Eastern Europe, and a more thorough review of early contributions to archaeomineralogy, especially those of Agricola. From reviews of the first edition: crammed full of useful information, is well-balanced using both new and Old World examples of the archaeomaterials described. It also...
