

Australian Bustard (Paperback)

By Mark Ziembecki

CSIRO Publishing, Australia, 2010. Paperback. Condition: New. Language: English . This book usually ship within 10-15 business days and we will endeavor to dispatch orders quicker than this where possible. Brand New Book. The Australian bustard is Australia s heaviest flying bird. It is an icon of the Australian outback where it is more commonly known as the bush or plains turkey. It is also culturally and spiritually significant to Aboriginal people, who prize it as a favourite bush tucker. This book provides the first complete overview of the biology of the Australian bustard, based on the first major study of the species. The author explores the bustard s ecology and behaviour, its drastic decline since European settlement, and the conservation issues affecting it and its environment. Colour photographs of juvenile and adult birds complement the text as well as showcase particular behaviours, such as the spectacular display routines of males when mating. Australian Bustard is the perfect book for natural history enthusiasts.
