The Law of International Carriage by Air

By Patrick Zeuner

GRIN Verlag. Paperback. Condition: New. 28 pages. Dimensions: 8.3in. x 5.3in. x 0.3in.Seminar paper from the year 2008 in the subject Business economics - Law, grade: 1, 3, University of Applied Sciences Wildau (WIT Wildau), course: Aviation Law, 12 entries in the bibliography, language: English, abstract: Abstract: The developments of more than hundred years of aviation history have lead to a framework of laws on different aspects of the aviation industry. For the people aboard the flying aircraft, different rules are applied as compared on land. Within the field of aviation, the air is the major space touched. But because until the 20th century nobody was able to control an air vehicle, no conflicts erased for intra- or crossborder air traffic. This circumstance changed quickly. Only 16 years after the remarkable milestone of the first engine-powered flight by the Wright brothers from 1903, the growing importance of air travel lead to the first international agreements for air transport. When in 1919 the first scheduled air service between Paris and London came into operation, the necessity for air regulations was an incontrovertible fact. The first agreement was written down in the Paris Convention, which was held in the same year and...
