Brand New Book ***** Print on Demand *****.Excerpt from Seven Stories: Edited With an Introduction by Carl Van Doren The roots of Hawthorne s thought and feeling strike deeper into the past of his native section than do those of any other American story-teller. At a time when for most New Englanders their seventeenth century seemed barren of romance, he found in it color and charm, beauty and universal significance. The Maypole of Merry Mount admirably illustrates his way of looking back into the dusky dawn of the first settlement. He had read of a certain Thomas Morton who, being at odds with the authorities of Plymouth, set up a seceding colony under his own rule at a place which he and his followers called Merry Mount. There they traded with the Indians, paying, it seems, higher prices for furs than their competitors of Plymouth liked, and also selling the Indians guns and gunpowder. What seemed to the Pilgrims even more dangerous, Morton had brought with him an unpuritanical spirit which led him to encourage among his men various old English games and ceremonies hateful to orthodox New Englanders. He even set up a Maypole, as if, Governor William Bradford of Plymouth wrote, they had anew revived and celebrated the feasts of the Roman goddess Flora, or the beastly practices of the mad Bacchanalians. Such pagan rites the reformers of the seventeenth century would not tolerate in a land to which they had fled partly in order to escape just such abominations.
