The advice given in this book are in line witht the thought that many experts agree upon, to train a child with loving kindness, patience and positive reinforcements. One thing parents will realize once they have a baby is soon they will have to learn how to discipline a toddler. Disciplining a toddler is not something parents automatically know how to do. When our sweet babies gain the ability to walk and use their legs they become independent little humans and they will flex those independent muscles, which can get them into situations that require us to know how to discipline toddlers the right way.
