THE UNIVERSAL PERSPECTIVE OF HUMANKIND ON EARTH (PAPERBACK)

Clay Road Press, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. As your fictional aliens often say, I come in peace. In fact, peace, or lack thereof in your society, is the main reason I feel compelled to contact you at this time. Hailing from a small planet in the Sombrero Galaxy, Yomon is an interstellar traveler and observer who has become the Universal community's leading expert on humankind. Yomon has studied human culture for approximately 100 Earth years and has become a fan who sees humankind as possessing the rare combination of high intelligence and high artistic ability with the potential of making significant cultural contributions to the greater society of Universe-if it doesn't destroy itself first. Peace, freedom, limitless energy, thousand year life spans, free real estate, and relief from the deadly stresses of overcrowding on Earth are all possible if humankind learns to adhere to The Universal Law of Freedom. In order to comply, it must end the oppression and violence within its society and allow all beings to live freely and...
