

Inferno: The Fall of Japan 1945 (Paperback)

By Ronald Henkoff

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Inferno is the compelling story of the U.S. atomic bomb attacks on Hiroshima and Nagasaki and the ensuing death and destruction that led to the end of World War II. The events that culminated in the fall of Japan - which forever changed the course of diplomacy, geopolitics, and warfare in the twentieth century - are vividly recreated through dramatic first-hand accounts of the major participants on both sides of the Pacific. They include: Harry Truman, the inexperienced American president who made the decision that would lead to unprecedented death and destruction; the war-mongering, but mysterious, Japanese Emperor Hirohito, who ultimately presided over his country's surrender; General Leslie Groves, the no-nonsense director of the Manhattan Project; and Paul Tibbets, the pilot of the plane, the Enola Gay, which dropped the very first nuclear bomb on Hiroshima in August 1945.

Reviews

Extremely helpful for all class of people. It is probably the most incredible ebook i actually have go through. I discovered this publication from my dad and i recommended this ebook to discover.

-- Victoria Hickle PhD

It in one of the most popular book. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.
