Keys To Unlocking Your Inner Power is a refreshing and candid look at human spirituality and spiritual development. The author, Kelly Larsen RN, CMT, Reiki Master and Spiritual Teacher, explains spiritual development as the ultimate form of human development and takes the reader on a journey that spans from the formation of the human soul all the way through the various levels of enlightenment and ascension. In between Larsen explains many aspects of the spiritual development process-such as the development of the soul, mind and consciousness, karma, dreaming, the development of the energy body, and healing. She also explores the amazing manifesting ability contained within every living person and the elements we use to create our reality. The information is clear and forthright. Although learning theory is helpful, Larsen believes information about spiritual development also needs to be tangible and applicable to your every day life. With this in mind the author has interjected multiple real life examples resulting from the use of this information, as well as exercises the reader can use to begin to apply the information immediately to their own life and spiritual practice.
