Friesenpress, 2015. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Beyond Normality covers a broad range of subjects-everything from human behavior, to feminism and sex, to child rearing, to violence, to drugs and alcohol, to changes in society and the oppressions of modern life. From family orientation, to religion and mankind consciousness. Readers are asked to consider Beyond Normality as a modern guide for complete internal harmony. Numerous themes run throughout this work, the most persistent and prevalent is the belief on the growing disconnect between what is natural and what has come to be thought of as normal. There is, in the author s view, a great deal that is wrong with modern society, and much of it stems from our insistence on shielding ourselves from the rigors of the natural order of things.
