Outskirts Press, 2013. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.To me, a card trick or a brain teaser is not just a way to impress and elude others, or a way to show off by figuring out a trick I've been shown; it's much more profound than that. To me, they are a way of opening up an entirely different way of thinking. Tricks helped me improve my ability to think outside the box, not limit myself while searching for solutions, and trained me in using every bit of information given to me in order to understand how things work, not only for tricks but on a day to day basis with life. Tricks are also a good way to prove to others that things they thought impossible are quite plausible. A simple card trick can leave even the most skeptical of spectators wondering how it happened and not only that; they might even beg you for the secret. Even more importantly, to me, a trick is the perfect way to put a smile on someone's face. This book contains all the material I have ever learned and performed. Each trick is explained in a step-by-step procedure making it easier to follow, and the requirements for each trick are explained along the way.
