BRILLIANCE AUDIO, United States, 2013. CD-Audio. Book Condition: New. Unabridged. 163 x 137 mm. Language: English . Brand New. A splendid peek into the weird side of American life. Driving Mr. Albert is a work of . uncommon intelligence. Newsweek One of the most fascinating and memorable road trips since Kerouac s On the Road. The Denver Post Albert Einstein s brain floats in a Tupperware bowl in a gray duffel bag in the trunk of a Buick Skylark barreling across America. Driving the car is journalist Michael Paterniti. Sitting next to him is an eighty-four-year-old pathologist named Thomas Harvey, who performed the autopsy on Einstein in 1955 then simply removed the brain and took it home. And kept it for over forty years. On a cold February day, the two men and the brain leave New Jersey and light out on I-70 for sunny California, where Einstein s perplexed granddaughter, Evelyn, awaits. And riding along as the imaginary fourth passenger is Einstein himself, an id-driven genius, the original galactic slacker with his head in the stars. Part travelogue, part memoir, part history, part biography, and part meditation, Driving Mr. Albert is one of the most unique road trips in modern literature. Driving Mr. Albert is entertaining, absurd, real, deep and informative.in a world in which it seems that all the good ideas have been taken, it is singular. The Boston Globe Paterniti seems to have been favored by that happy little god of travel writers who sits on one shoulder and whispers.the perfect anecdotes, the perfect set pieces at the perfect moments. . It s a brain, in fact, that I d be happy to travel with again. The New York Times Book Review.
