AUTHORHOUSE, United States, 2008. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Hot Trials is a book that portrays the activities of man and how his activities affects his environment, either positively or negatively. As humans, we are faced with certain factors which includes; the laws of the community we find ourselves in, our fate, limitations, and other crucial challenges that are vital for the advancement of our community. Generations have always produced revolutionary minds whose psyche deviates from the norm, to impact rare traits on their societies and have turned them for the better or worse. In Hot Trials, the minds of men are portrayed, as we read about the selfish goals of individuals that have ruined their community, and the heart that beats for service to it s people that has built it s community. These two distinguished minds inhibits every individual, and the welfare of every person in a given community is determined by the psyche that dwells in the heads of their leaders. Hot Trials opens our understanding to the simple truths of backwardness and progress communities can achieve. By reading Hot Trials, we can fully understand the reason some societies...
