

Ambitious Secretary (Paperback)

By Heidi Deepkiss

Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.As our modern society becomes increasingly urbanized and the overall family structure weaker, we are seeing more of the phenomenon known as amorality. Newspapers today carry accounts of people who have never learned about good and bad, people who have never placed any value on human life, simply doing whatever a momentary whim dictated. The pervasive corruption in a high political office today offers yet another example. The girl in this story, Christina, is a woman of the present. Living the life of the existential hedonist, she refuses to worry about tomorrow. Her main concern is for today, and the pleasures it brings. For Christina, sex is merely something to be enjoyed, carrying neither emotional ties nor moral overtones. **AMBITIOUS SECRETARY** - the story of a young woman who embodies the life style of many in our society, a presentiment of what the future holds. Her story holds a lesson for us all.
