It in one of the most popular book. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Createspace, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Leche, the first of a series of previously unpublished novels by George M. Myers, is based on his years of experience as a US Marine and as a professional in the oil well drilling business in diverse world sites from the Empty Quarter in Saudi Arabia to the jungles of Venezuela. The stories are raw, colorful and rough-and-tumble but entirely authentic. George uses his unusual writing skills, bigger-than-life sense of humor and skillful use of language to craft a ribald and glorious reading adventure that is as much fun for those with little or no knowledge of oil drilling as for the roughnecks who have been there, done that.
