

Youth: Creators of the Future

By Omraam Mikhael Aivanhov

Vij Books India Pvt. Ltd., New Delhi, India, 2011. Softcover. Book Condition: New. 'If we remember that there is a correspondence between the life of a human being and that of nature, we can say that a young person's formative years can be compared to the period when the earth itself was being formed. At that time, no organized form of life was possible on earth, for it was nothing but a seething mass of molten matter constantly racked by volcanic eruptions. Nothing solid can be built on such unstable ground, and this means that before they can become a hospitable environment for plants, animals and human beings, symbolically speaking, young people have to introduce an element of moderation, control and harmony into their lives. It is this that constitutes the transition from youth to adulthood: the transition from an unorganized, chaotic, unstable life to a life that is rich and full and beneficial both to oneself and to others.' Printed Pages: 188.
