

Murach`s ASP.NET 2.0 Web Programming with VB 2005: Training & Reference

By Anne Boehm, Doug Lowe

Shroff Publishers/Murachs, 2006. Softcover. Condition: New. Are you trying to decide which ASP NET 2 0 book to buy? Here`s what you get in this book that you won`t always find in other ASP NET 2 0 books: 1) You get a fast start, if you`re a beginner. By the end of chapter 4, you`ll be using Visual Studio to design, code, and test multi-page web applications that get database data and manage session state. 2) You get training in all the skills you need to develop web applications at the professional level. Take a look at the table of contents to see everything that`s covered with a how-to mindset. 3) You get complete applications (web forms, aspx code, and Visual Basic code) that show you how to do things you actually want to do?and they work! The book doesn`t come with a CD, but you can download the applications for free from the publisher`s website. 4) You get a 5-chapter section on database programming. This is an essential skill for business applications, but it`s a subject that`s often minimized to a single chapter in other books. 5) You get Murach`s distinctive "paired-pages" format that lets you set your own...

Reviews

This written publication is wonderful. It can be written in straightforward phrases instead of confusing. I discovered this pdf from my dad and i suggested this publication to learn.

This ebook is definitely not straightforward to start on looking at but really enjoyable to learn. It usually will not charge excessive. It is extremely difficult to leave it before concluding, once you begin to read the book.
