

Biometric Web: Part One (Paperback)

By S A Strongheart

Createspace Independent Publishing Platform, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Biometric Web part one is the first installment of this gripping tale set in the near future. New UK is a society completely under the control of its government. Everything you do, everywhere you go is monitored and uploaded to the Biometric Web. A program that controls all aspects of daily life. Civil liberties have been eroded at an unprecedented rate. New UK has withdrawn from the European Union along with several other countries and formed a Biometric Confederation. A small group of citizens slowly start to come together to form an underground network to fight for not only their freedom but the freedom of millions of their fellow citizens. The stakes have never been higher. The very essence of who we are is on the line and there are only a handful of people in a position to do something about it. Society has divided the population into categories of productive and non-productive, disabilities of any sort are not tolerated. Throughout part one you will meet everyday people who begin to piece together the horror that is slowly...
