AuthorHouse. Hardcover. Condition: New. 120 pages. Dimensions: 9.0in. x 6.0in. x 0.4in.How Bad Can It Get How Bad Can It Get is the gripping true story of tragic events and the ensuing legal battles that occurred in the life of its author, John A. Heavner. The downward turn of events began when John witnessed his four year old son Joshua being run over by a U-Haul rental truck in the driveway of his self storage business. Exactly two weeks later his father was tragically killed in a hunting accident. From there, Joshuas mother hired an attorney to file a lawsuit against Johns business for the wrongful death of their son, in an attempt to collect from the business insurance policy. At the same time his fathers widow began a vindictive eviction from land that he and his brothers had lived on for the past twenty-two years. How Bad Can It Get explains how John took measures to put up a defense on one front, while using the courts to make right what was wrong on another, all while trying to deal with his own personal grief. The story takes you through the timeline of events as John endures death, eviction, and three separate court battles. It is a true story of how a major corporation values profits more than human life and how their corporate greed had created the situation that killed his son, Joshua. On the other side of the story, John is also enduring a battle of personal greed as his fathers widow takes measures to collect life insurance proceeds, force an eviction, disinherit John and his brothers, and claim partnership in his business after their fathers tragic hunting accident. How Bad Can It Get is a must read story that had to be told. This item ships...
