Hypnotism, Mesmerism and the New Witchcraft (Paperback)

By Ernest Hart

Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This book of Dr. Hart s recent papers is most timely. The book constitutes a sally upon the camp of those who, according to Mr. Myers, form the left wing of experimental psychologists (who follow the wider [!] vistas which hypnotism and kindred studies seem now to be opening up Mind, No. 5, p. 95); and the confusion which it must there cause is likely to be serious. The author s tone is polemical; but this could, in the existing state of things, hardly be avoided. How long will it be before the educated world learns that the facts of hypnotism must be explained in the light of normal physiological processes; that the marvels and miracles of hypnotic records are the results of imposture; and that the even tenor of psychological progress is not to be accelerated by any number of hypnotic experiments ? Considering the antiquity and persistence of the attraction of the unknown (pp. 1, 2), and of the tendency to explain it by itself, we shall not look for this millennium at any very early date. But the present...

Reviews

This pdf is wonderful. It really is written in simple terms instead of hard to understand. It's been developed in an exceedingly simple way and it is just after I finished reading this ebook in which it in fact modified me, altered the way in my opinion.
