

In the Long Shadow of Europe: Greeks and Turks in the Era of Postnationalism (Hardback)

By Kalypso Aude Nicolaidis Othon Anastasakis

Brill, Netherlands, 2011. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.International Relations Studies Series, 3 (International Studies Library, 9) Can the European Union transform Greek-Turkish relations? The contributors to In the Long Shadow of Europe examine the ambiguities of Europe's historical role in its Southeastern corner to shed light on the possible paths lying ahead. From various angles, they highlight the paradoxes of a relationship between intimate adversaries, marred by tormented histories, nationalist narratives and bilateral disputes but strengthened by historical familiarity, geographic vicinity, and the imperative for cooperation. And beyond this face a face, the authors show how, as Greece and Turkey developed into independent nation-states in the shadow of Europe, their intertwined trajectories also contributed to defining this same Europe at the edges. Beyond the Greek-Turkish relationship, this book illustrates the considerable challenges the European Union faces as a mediating power both within and outside its borders. Table of Contents Preface Acknowledgements Introduction I. Tormented histories, interwoven identities: National narratives of Self and Others 1. Tormented by history: Greece, Turkey and the territorial imagination, S. Sofos U. A-zkA rA mIA 2. The Lure of Europe: Reconciling the European Other and Turkish/Greek selves,...

Reviews

This publication will never be effortless to get started on reading through but very fun to read. It is actually loaded with knowledge and wisdom You will not truly feel monotony at anytime of the time (that's what catalogues are for about in the event you check with me).

-- **Marlin Bergstrom**

Without doubt, this is actually the very best function by any article writer. it was writtern quite flawlessly and valuable. Once you begin to read the book, it is extremely difficult to leave it before concluding.
