

The Race to the Top of New York City s Skyline: The History of the Empire State Building and Chrysler Building

By Charles River Editors

Createspace, United States, 2015. Paperback. Book Condition: New. 222 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.*Includes pictures *Explains the competition between the two projects to produce the tallest building *Includes accounts of the construction written by workers *Includes a bibliography for further reading *Includes a table of contents Of all the great cities in the world, few personify their country like New York City. As America s largest city and best known immigration gateway into the country, the Big Apple represents the beauty, diversity and sheer strength of the United States, a global financial center that has enticed people chasing the American Dream for centuries. Given that history, it s no surprise that New Yorkers have always wanted to construct the biggest and best structures possible, even in the early 1930s at the height of the Great Depression. Indeed, those years produced the Empire State Building, which remains the city s most iconic building, but New York s most famous skyscraper wouldnt have been possible without the Chrysler Building, a landmark in its own right that was the tallest building in the world for nearly a year before its more famous counterpart..

Reviews

I just started off reading this article publication. It is definitely simplistic but surprises in the 50 percent of your ebook. You are going to like how the author create this publication.
