

Bury My Heart on Kepler-452b (Paperback)

By J S Powers

Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. KIRKUS REVIEWS: .the author succeeds magnificently, avoiding genre pitfalls. Big-idea sci-fi readers will likely find this an awesome, challenging ride. It is late in the 21st Century; later than people realize. Humanity has entered the Malthusian Era. The population of Earth has surged to over 10 Billion people when climate disruption wreaks havoc on humanity's agricultural breadbaskets. Most continue believing the hopeful platitudes of the mass media, but one saw Collapse coming and has declined his invitation to the Apocalypse. He has quietly liquidated his fortune, made preparations, and is leaving. For the Stars. Time is running out, money is tight, and Hollywood fantasy is a non-starter. Building a Starship on the cheap requires insane boldness and operating outside the law. Needed components are scattered globally among military junkyards, industrial equipment auctions, and wartime black markets. The huge gamble is that a new math theorem, gaming supercomputers and radical software will unleash the vacuum energy of quantum space on giant super-magnets stolen from the Large Hadron Collider in the European Caliphate war zone. Survival is a great motivator, and approaching...
