There are many efforts for an international harmonization of financial reporting, even at capital markets of the United States of America. The globalization requires transparent accounting and reporting standards for an efficient market transfer of goods and services. And there has been still reached nearly a harmonization of consolidated financial statements of capital market oriented companies through IFRS. But does also German small and mediumsizeenterprises (SMEs) require the same harmonization for its daily business or does there are more drawbacks as advantages for them 44 pp. Englisch.
