Benjamin Franklin and the Quaker Murders (Paperback)

By Professor John Harmon McElroy

Penmore Press LLC, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Everyone in Philadelphia thinks Jacob Maul, the Quaker stonecutter, is a murderer. How could there be any doubt? In September of 1785, two women were found dead on his property--one of them in his bed--with bruise marks on their throats. The only person who comes to a different conclusion is the city's most famous citizen, Benjamin Franklin. But at seventy-nine years of age, Franklin doesn't want to acquire a reputation for solving his neighbors' problems. Instead, he recruits a younger man, Revolutionary War veteran James Jamison, to make inquiries under his direction and collect information that could prove the Quaker's innocence. Franklin's considerable intelligence guides Jamison, but as the investigation unfolds, details emerge that threaten to dismantle the great man's assumptions. The Quaker Murders contains rich details about both Benjamin Franklin and life in eighteenth-century Philadelphia, a large, bustling city that was still recovering from the rigors of the war for independence.

Reviews

This is basically the greatest book I have got read through until now. It normally will not expense an excessive amount of. I am just delighted to let you know that here is the greatest book I have got go through within my individual existence and might be the finest book for at any time.
