Ancient Rome The Republic 753BC-30BC (Paperback)

By Patricia Southern

Amberley Publishing, United Kingdom, 2011. Paperback. Condition: New. Language: English . Brand New Book. Rome began as a collection of primitive huts on the banks of the Tiber, some considerable time before Romulus founded the great city. Ruled by kings for the first two and a half centuries, the Romans abolished the monarchy and created for their little city state a form of government that was successfully adapted to control an Empire. The Romans learned how to weld together a larger state by integrating other city states and tribes, offering them the benefits and privileges of Roman citizenship in return for services and manpower in the army and government. Roman society was based on wealth, and extreme snobbery permeated every level of the social hierarchy. Upward mobility was rare during the Republic, and equal rights were out of the question. At the bottom of the heap were the slaves, with no rights at all. Although little remains of Roman architecture from this period, the famously straight Roman roads began during the Republic, fanning out from the capital towards all parts of Italy. Patricia Southern charts the rise of Rome from its humble origins to its dominance of the western world,...

Reviews

Completely essential go through ebook. it absolutely was writtern quite properly and useful. Your way of life span will likely be enhance the instant you total looking at this publication.
