

Beginner Music Theory for Guitar Players: An In-Depth Guide to Scales, Chords and (Paperback)

Filesize: 9.75 MB

Reviews

Excellent e-book and useful one. It is written in straightforward phrases rather than confusing. I am just very happy to explain how here is the finest publication I have got read through in my very own lifestyle and might be the greatest book for possibly.

Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.

Do you want to get more serious about really knowing the guitar and music theory? Are you ready to break away from simply memorizing patterns and instead start understand music theory in a more comprehensive sense? If so, this book is perfect for you. After just a few chapters, you ll begin understanding the most crucial aspects of music theory surrounding the guitar, allowing you to make sense of your instrument better than you ever have before. This will give you an intellectual grasp of music as a whole and put you on the fast track to being able to apply those concepts to the fretboard. Written in plain English, this book illustrates and explains guitar music theory in a simple, easy to understand way that doesn t load you down with topics that you don t need to know. Moreover, you ll come away with a complete understanding of guitar scales and chords, how they relate to the fretboard and how they re connected to everything else you play. You ll also gain powerful insight into sheet music and reading music for guitar, allowing you to understand guitar tabs, standard notation and how they both fit together and correspond to one another. Everything is laid out in an easy-to-read format that properly organizes and prioritizes topics that will improve your playing and theory knowledge quickly, as you read. No more skimping out on music theory or cutting corners with cheap guitar playing. Grab your copy today, start connecting the dots and finally find out what s under the hood of your fretboard! Topics Covered Include: - Why music theory matters and how it benefits your guitar playing - What actually...
