Sunny Jetsun, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.An Entheogen Greek, literally meaning, generating the divine within, is any psychoactive substance that induces a spiritual experience aimed at spiritual development. This terminology is often chosen to contrast with recreational use of the same drugs. The religious, shamanic, or spiritual significance of entheogens is well established in anthropological and modern contexts; entheogens have traditionally been used to supplement many diverse practices geared towards achieving transcendence, including sensor deprivation, divinatory, meditation, prayer, trance, chanting, hymns like peyote songs, yoga and drumming. The use of entheogens was kept secret by native societies to the Western world until the 1950s, which quickly developed into psychedelic therapy. Later clinical trials have shown that these substances have helped people with such mental disorders. as OCD, PTSD, alcoholism, depression, and cluster headaches In the 1960s the hippie movement escalated its use to psychedelic art and binaural beats, sensory deprivation tank, music, and on rave parties.
