Page Publishing, Inc., United States, 2014. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.Unified Democratic Constitution (UDC) is a democratic system of governance without politics and parties. The word Unified is used because it is developed considering multiple disciplines, like human psychology, human rights, history, logic, science and engineering. The book explains the importance of science and engineering in the formation of a constitution and operation of a government. The book also analyze the modern democracy and its failure due to corrupt politics, influence of money and special interest groups, lobbies, bribery, excessive election expenditure, political deadlocks, uncompromising ideologies, selection of uneducated and unprofessional characters to important posts. The author explains in this book how the UDC is formulated and how it will eliminate the problems associated with the modern democracies. This book can also provide a constitutional format to the emerging democracies of the world. It is of great impotence for the peace and prosperity of the world that countries emerging from dictatorships should have a true democratic constitution. Constitution is a difficult subject but it is explained in this book in simple terms and with charts, tables,...
